HOST PARTNERSHIP PROPOSAL

August 2026 · Prepared Exclusively for Our Host Venue Partner

You've been running network-wide, free. While inventory was open, your ad played far beyond the standard host benefit — across our screens at no cost. This proposal is your first right to keep that reach as paid advertisers fill the network.

WHAT'S CHANGING THIS FALL

5 Free

Every host venue partner earns **five screen locations at no cost**. While inventory was open, we went further and ran host ads network-wide free — The Warehouse Market has been reaching customers all over town without spending a dollar.

The network is filling up

Paid advertisers are signing on and loop inventory is being committed to their agreements. As of this fall, **every host partner on the network moves to the standard host benefit — five free screens** — and the remaining slots are allocated to signed campaigns, first come, first served. Before any of those screens is released to a paying advertiser, we're giving our host partners first right to keep them at a rate no advertiser can access.

Why keep the bigger footprint

Our screens average **1,500+ plays per screen every month** in venues where people wait — 55+ minutes of average dwell time, with no skipping, blocking, or scrolling past. A five-screen presence keeps your name in five rooms; a fifteen- or twenty-five-screen footprint makes The Warehouse Market feel like it's everywhere your customers already go. That's how a local name becomes the first name people think of.

	STANDARD HOST (5 SCREENS)	EXPANDED (15 SCREENS)	FULL NETWORK TIER (25 SCREENS)

EFFECTIVE COST PER SCREEN	—	\$18.67 across 15	\$16 across 25
EFFECTIVE COST PER 1,000 IMPRESSIONS	—	~\$1.24 CPM	~\$1.05 CPM

**Based on network averages of 1,500+ plays and ~15,000 estimated impressions per screen per month (NTV360 network analytics). Venue-level proof-of-play reporting is included with every paid tier.*
