NEXT STEPS

Getting started is easy.

1

Pick your package and screens

Tell us which option and payment plan fit. On 10, 20 or 40 screens, you pick the spots and can change them anytime.

2

We build your ad

We design it around your business and what you want to say. You look it over and tell us what to tweak.

3

You go live

Once you approve the ad, it starts running on your screens, and we'll send reports showing it played.

Thank you, Jason.
