

# Two Oxford flights on your dates, in the 24 rooms where travelers wait. \$3,600.

Clint asked for Oxford only, aimed at adults 25 and up with household income above \$75,000 who fly two or three times a year, and nothing on screen from Dec 6 to Jan 17. A screen network targets by room, so this buy runs in the 24 Oxford venues where that adult sits or stops, leaves out the 16 where people stand or the room is a bar, and goes dark on Clint's dates.

## OPTIONS, NOT IN THE \$3,600

### MEMPHIS INTERNATIONAL GEOFENCE

Mobile ads inside a perimeter at Memphis International's parking decks and terminal, then Oxford Square and campus. \$300 setup, paid once, plus \$600 a month for 50,000 impressions or \$1,200 for 100,000. Three weeks from payment to first impression: pay with check one for a Fri Oct 30 start, or with check two for about Feb 8.

### 2027 CO-OP PATH WITH TUPELO REGIONAL

If the Airport Authority co-ops on 2027 advertising, MCTV adds at the Sept 20 card: terminal and flight board \$600 a month, Tupelo venues \$650, all 75+ Oxford screens \$1,300 a month in place of the \$1,000 (about \$4,700 for these two flights instead of \$3,600). The entire network is \$2,400 a month, less than the three pieces. Fall 2027 renewal at \$1,800 a flight if Contour says so by Thu Jul 1, 2027, co-op or not.
